He is 14 years old. She is an adult. Make the picture black and white and it could be the 1950s and the desegregation of a school. Hate is real, y'all. It hasn't even really gone away.

Greg here. Ah, Simi Valley. As lily white a community as you can find in SoCal. Home of the Ronald Reagan Memorial Library. Where they moved the trial of Mark Furman (evidence planting detective of the O J case) in order to be assured of a friendly jury.

All these years of trying to become civilized, this is a huge step backwards. How can someone have so much hatred in them that they would scream at a child like this? I feel sorry for this woman, she must be so empty inside.

Be sure to spread this. I want her neighbors, her boss and her pastor to know this about her. Sadly, her family already knows and was probably with her.

Her face represents exactly the rhetoric of Adolf Trump.
Very fitting to the red MAGA hat, made in China.
Disgusting.

Indigenous Peoples Day

Today we celebrate the people who first called this land home. We remember the struggles and tragedies they endured. We honor their place in and contributions to the shared story of America.

This boy is younger than my son. My indigenous son. What a sick, sick world. This woman is mentally ill.
